**PLAINTIFF'S NOTICE OF COMPLETION OF CONSTRUCTION**

Plaintiff Mountain Valley Pipeline, LLC ("MVP") provides this Notice pursuant to Paragraph IV.3 (p. 34) of the Memorandum Opinion and Order entered by the Court on August 29, 2018 (ECF No. 34). Specifically, MVP hereby notifies the Court that it has completed the mechanical construction of the Stallworth Compressor Station located in Fayette County, West Virginia, the construction and operation of which was authorized by a certificate of public convenience and necessity issued by the Federal Energy Regulatory Commission to MVP on October 13, 2017 (the "Stallworth Station"). Given that MVP has now achieved mechanical completion of the Stallworth Compressor Station, this location can be fully occupied. MVP personnel will begin to occupy the location now to perform maintenance activities and to complete preservation steps on any equipment that has been put in place. Full operation will commence on completion of the pipeline.

MVP believes that this Notice fulfills its full obligations under the Memorandum Opinion and Order, and requests that the Court notify it should further submissions or reporting be required.

Respectfully submitted,

Mountain Valley Pipeline, LLC
